| Roll No.:T023                  | Name:Som Mishra                    |
| Class:TYIT                     | Batch:1                            |
| Date of Assignment:26/09/20206 | Date/Time of Submission:26/09/2026 |

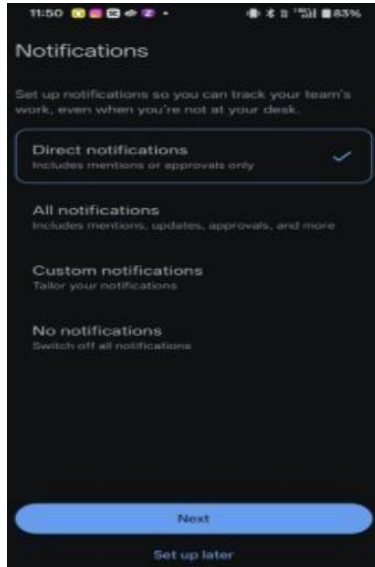

### Step 1: Open Jira

1. Open **Jira** on your mobile/browser.
2. You will see the Jira login screen.
3. Tap **LOG IN**.
4. Enter your Jira account details.
5. Login successfully.

## Step 2: Set up Jira

1. After login, the Welcome to Jira screen appears.
2. Tap Set up Jira.
3. Follow the setup instructions.
4. Continue to the next screen.

## Step 3: Set Notifications

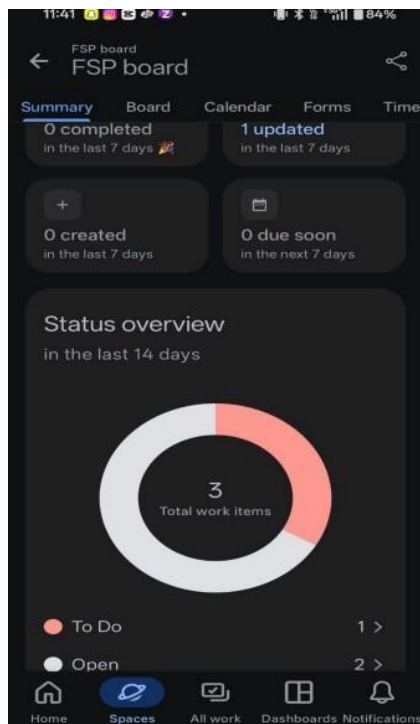

1. The Notifications screen appears.
2. Select the required notification option.
3. Tap Next & Continue with the setup.

## Step 4: Open Dashboard

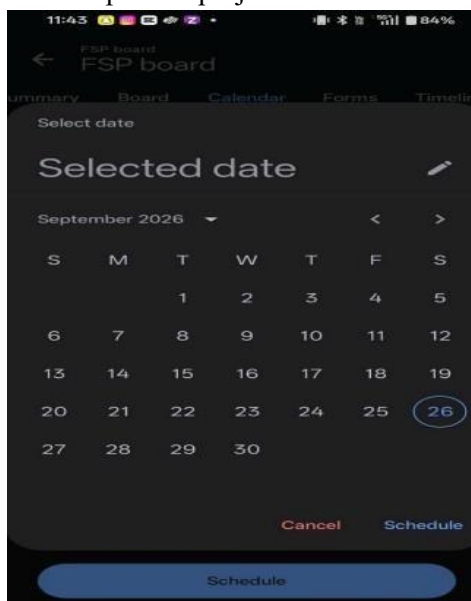

1. After setup, Jira opens the main screen.

2. Tap **Home**.
3. You will see **Today's Overview**.
4. From here, you can access your Jira work.

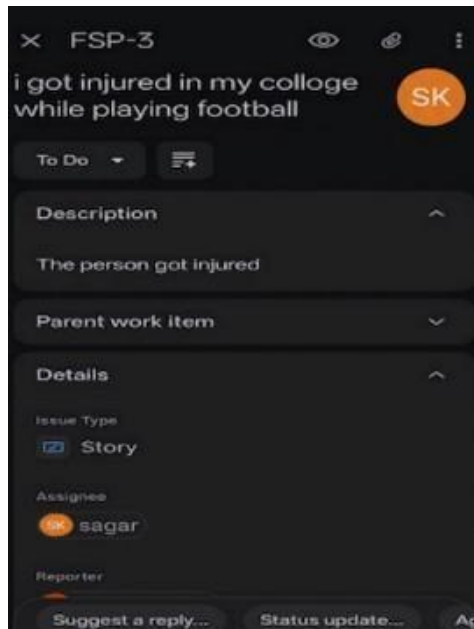

## Step 5: Open Project

1. Tap **Spaces/Projects** from the bottom menu.
2. Open your project.
3. In your screenshot, the project is **FSP board**.
4. Open the project dashboard.

- ## Step 6: View Summary 1.
- Open the Summary tab.

2. You can see: ○ Work items ○ Created items ○ Updated items ○ Status overview 3.  
Check the Status overview chart.

### Step 7: Create a Work Item

1. Tap the + button.
2. Select the required work-item type.
3. Enter the title/description.
4. In your practical, the example is:  
Title: I got injured in my college while playing football.
5. Add the description.
6. Set the required details.
7. Assign the work item if required & tap Create.

### Step 8: Open the Created Work Item & Check Priority Breakdown 1.

Go back to the FSP board.

2. Open Summary.

3. Scroll down.

4. Find Priority breakdown.

5. You will see the chart showing different priorities
